

QUICKSILVER
INFLATABLES

BENEFITS

DURATEX HD range

The Duratex HD range of models features a heavy-duty, long-life fabric which offers excellent resistance to UV, cuts, abrasions and normal wear and tear. Duratex fabric also ensures maximum resistance to high temperature, moisture and dirt. A QUICKSILVER Inflatable made with Duratex HD will give you years of trouble-free operation and pure boating enjoyment!

Other QUICKSILVER benefits include:

- Inflatable keel under the floor for better performance for all **Air Deck**, **Sport Enduro** and **Heavy-Duty** models.
- Keel protection wear strip to protect the fabric against abrasion when beaching.
- Fold-down rowlocks are stored on the outside of the tube. Combined oar retainer and rope holder for an elegant and cleaner look. Swim platform-mounted davits are easier to install too.
- QuickLift® end cones allow you to plane the boat faster.
- All our models feature fiberglass seats instead of plywood for greater durability. Larger boats have two seat positions or are pre-equipped to take an optional second seat.

The floor

Enduro floor

All our Enduro models are now equipped with a fiberglass floor that replaces the previous plywood floor. Plywood floor is one of the most frequent warranty cases for inflatable boats.

Airdeck floor

All our Airdeck models are featured with a X-stitch air floor that provides additional floor rigidity compared with traditional drop-stitching. Our Airdeck floors are also featured with anti-slip patches.

XS floor

Aluminium floors are equipped on all XS models. These incredible tough floors are perfect for the most demanding applications.

Standard accessories

Whatever the model you choose, your QUICKSILVER Inflatable boat will come along with the following accessories:

- Double action hand pump
- Pump gauge
- Valve adaptor set
- Seat
- Repair kit in waterproof container
- Carrying bag for your boat

Double tear-drop rubstrake

The double tear-drop rubstrake helps to reduce splashing and endows your boat with better shock resistance.

New bow handles

Those extra handles inside the tube provide a more secure grip as well as additional holding points.

New lifting handles

The new handles have a more modern look and can also be used as efficient rope holders.

Drain plug

With this inside drain valve, there is no more hanging overboard and fumbling around behind the transom with the engine blocking your way.

ABS-Coated transom

To protect against cracking & decay, all our transoms are made waterproof by two heavy-duty ABS sheets which ensure greater durability compared to traditional plywood transoms. Transoms are also equipped with an engine pad and plate for your outboard as well as a standard transom cap to avoid knocks when rigging the boat. Stainless steel towing holes are included in transoms for skiing, wakeboarding or towing tubes.

QUICKSILVER

Discover a wealth of brand new features on these compact yet roomy and sporting boats

QUICKSILVER Inflatables for affordable fun on the water

QUICKSILVER Inflatables is one of the best known inflatable boat brands in the world and is part of Brunswick Marine *in* EMEA, a global leader in pleasure boat propulsion, parts, accessories and many more things boating. Brunswick Marine *in* EMEA has been setting the standards for well over 60 years.

What's up with QUICKSILVER Inflatables?

For the 2009 model year, QUICKSILVER Inflatables is proud to introduce the new Ultra Light Craft, ranging from 220 to 290 cm. In addition, the Sport range has been extended with two new boat sizes and the Air Deck range is now equipped with several new features that you will discover in this catalogue.

High value for money

Boats from QUICKSILVER Inflatables are renowned the world over for their outstanding quality and excellent durability. Choosing a QUICKSILVER means investing in a highly reliable product with good resale value for those opting for a bigger boat.

If you're looking for a rigid inflatable, ask your dealer about Valiant RIBs, designed and built to exacting standards for pleasure and commercial use. Valiant is also part of the Brunswick Marine *in* EMEA family.

ROLL UP

200/240

These economical lightweight dinghies are perfect for quick ship-to-shore trips. And **QUICKSILVER Roll Up** models are easy to set up and pack up.

They're compact for storage on your boat or back at home. With slatted floorboards these tough little inflatables make excellent tenders and have a new, improved rowing position. The slats of the floor are thermowelded in Duratex fabric to make them completely waterproof.

Roll Up

Specifications	200	240
Max. persons	2	3
Max. HP	3.5	5
Max. engine weight (kg)	20	30
Weight (kg)	21	28

ULTRA LIGHT CRAFT

220/250/290

The new **Ultra Light Craft** was specially designed to offer you the lightest Airdeck inflatable boat possible while still meeting our standards of quality and security.

The round end cones permit a reduction in the total length and weight of the boat while offering the same buoyancy and inner space for your passengers and their equipment.

These boats are the perfect tenders for easy storage in any boat or car.

Ultra Light Craft

Specifications	220	250	290
Max. persons	3	3+1	4
Max. HP	5	8	10
Max. engine weight (kg)	30	40	45
Weight (kg)	31	35	37

AIR DECK DELUXE

240/270/310/340

With attractive European styling, these **QUICKSILVER Air Deck Deluxe** tenders weigh in around 25% lighter than comparable fiberglass or wooden floor inflatables. There are no loose parts to assemble and **Air Deck Deluxe** tenders are an absolute breeze to carry.

These versatile boats feature a high-pressure inflatable floor making them incredibly light and roomy compared with craft fitted wooden floorboards.

Finally, the special graphic design on the side of the tubes gives the **Air Deck Deluxe** a very classy and unique touch.

Air Deck Deluxe

Specifications	240	270	310	340
Max. persons	3	3+1	4	5
Max. HP	6	10	15	20
Max. engine weight (kg)	30	45	55	55
Weight (kg)	34	39	42	45

SPORT

240/270/310/340 Enduro & 380/430XS

QUICKSILVER Sport and XS Inflatables with their Euro-style tubes offer greater floor space and are big enough to haul lots of people and gear yet still be compact and easy to carry. This is economical boating at its best.

Their low centre of gravity makes them ideal craft for all-around family boating. From short trips to on-water adventures, you can always rely on Quicksilver Inflatables to provide fun on the water. Strong fiberglass floorboard and seat will stand up to years of use of your **Sport Enduro** model. The new **380/430 Sport XS** models are equipped with aluminium floorboards and can receive higher horse power for all the most demanding applications.

Sport Enduro & XS

Specifications	240	270	310	340	380	430
Max. persons	3	3+1	4	5	6	8
Max. HP	6	10	15	20	25	30
Max. engine weight (kg)	30	45	55	55	75	85
Weight (kg)	41	50	55	61	104	116

HEAVY-DUTY

380/430/530 XS

QUICKSILVER Heavy-Duty Inflatables are ideal for boating applications where a little more space and strength are required. These boats are perfect for scuba diving and rescue teams, for instance, and can carry up to eleven people. Divers love the soft tubes and low freeboard that make them easy to roll off and re-board, even in rough water. Tougher than ever and ready to take a beating in almost any condition, whatever your needs:

Heavy-Duty XS

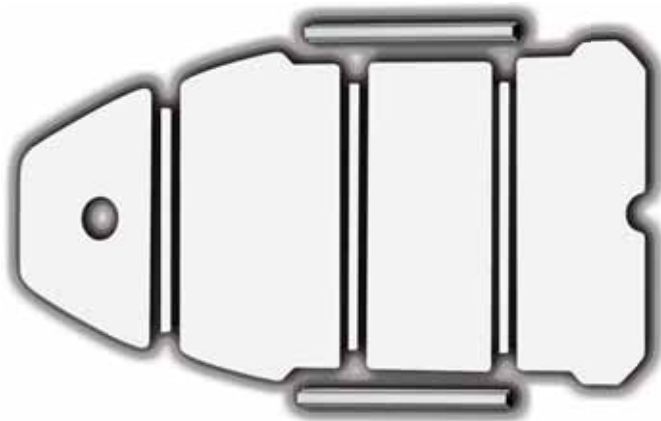

Specifications	380	430	530
Max. persons	6	8	11
Max. HP	25	30	50
Max. engine weight (kg)	75	85	115
Weight (kg)	103	115	181

- Tough and abrasion resistant with reinforced heavy-duty fabric and additional double-layer, non-skid, wear pads.
- Further strength is provided by XS aluminium-framed floorboards
- Ease of transport and launching is aided by seven external carrying handles and supplemented by hogging strips all around.

ADVENTURE

240/270/310/340 Enduro & 380/430/530 XS

New composite floorboards on models 240/270/310 and 340.

The **QUICKSILVER Adventure** range appeals to adventurous outdoor types with a bent for fishing and camping. Seven models make up this family that ranges from a compact 240 to a roomy 530. All are finished in dark green to blend into the environment. 240, 270, 310 and 340 Enduro models feature strong fiberglass floors and the security of four separate internal air chambers. At the top of the **Adventure** range are three XS models: 380, 430 and 530. All offer increased space and greater strength that is derived from ABS laminate transom protection, stainless steel bracing, heavy-duty aluminium-framed floorboards and reinforced fabrics.

ACCESSORIES

Everything you need from bow to stern

Bow dodger / bag kit
Easy to fit, water-repellant Cordura® nylon bag closes with a non-corroding nylon zipper and hangs under the dodger.

Underseat storage bag
Durable, colour co-ordinated storage bag made from Cordura nylon. Fits all QUICKSILVER Inflatables except 200 and 240 models.

Igloo ice chests & refrigerators
Igloo products are designed to provide worry-free protection for food and beverages on your boat. See Boating Accessories Guide for full offering and part numbers.

Bravo automatic inflator & deflator
Works off a car battery to provide you with up to 300mb of pressure. Auto shutoff prevents over-pressure. Supplied complete with universal adaptors, including valve and battery connectors.

QS double action air pump
An easy-to-use, hand pump that's much faster than a tandard foot pump. Either use single action, which pumps when pushing, or double action, which pumps when pushing and pulling. QS, HR and Valiant adaptors and pressure gauge are also included.

Adjustable storage seat with cushion
The padded storage seat adjusts easily for use on 240 to 340 models. Easy to install and remove, size 25 cm high x 46 cm deep x 69-84 cm wide.

White vinyl bench seat with attaching hardware
Fold-back cushion seat, 66cm wide, with aluminium base and attaching hardware. Fits Quicksilver 270 and larger Sport and Heavy-Duty models.

White vinyl seat cushion
This foam-filled vinyl cushion fits the rowing seat. It includes six snap-on attachments.

**Valve fill adapters
Halkey-Roberts**

Inflatable boat anchor
Designed specifically for safe and easy use with inflatable boats. A mushroom anchor in a choice of three weights, coated in black plastisol.

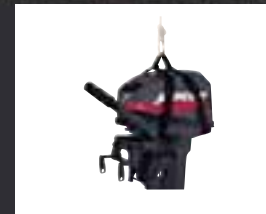

Anchor line
Three-strand polyester with thimble (40 m).

Dinghy dolly launching wheels
Wheels roll easily over firm surfaces and tuck out of the way once the boat is out of the water. For all QUICKSILVER Inflatables.

Fuel tank hold-down kit
Made with polypropylene strapping for superior strength. Quick-release buckles simplify replacement of the tank (fuel tank not included).

Easy lift motortote
Fitting outboard engines up to 15HP (11.2kW) and able to be left in place permanently, this is a secure handle for raising and lowering the engine.

Boat covers
Keep your boat clean and protect it from the sun and rain. Makes your boat last longer. Boat covers are now available for all QUICKSILVER models.

Combination bow light
Battery-operated Attwood® bow light with attachment base, designed for inflatables or other surfaces where screws cannot be used.

Ski vests & life jackets
Vest with closed sides, CE approved 50N CE 95 EN 393, coated nylon shell and soft foam. CE-approved 100N life jacket, CE EN 395. See your dealer for full offering and part numbers.

Water toys
High quality, durable skis, wakeboard and tube, including "wide body" water skis for low horsepower use, offering you new ways to enjoy yourself. See your dealer for full offering and part numbers.

Clamp-on stern light
Attwood® 61cm high all-around light for inflatables and other small craft which do not have permanently mounted navigation lights.

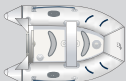

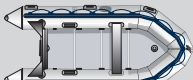

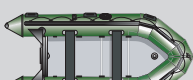

Attachments
All attachments of your boat are available separately and can be fitted to meet your personal needs. See Accessories Guide for full offering and part numbers.

PVC Repair kit
Contains two grey fabric patches and one tube of cement in a waterproof plastic canister.

Valve key
